CSR Needs a Nodal Agency to be More Effective

Corporate Social Responsibility in India has come a long way since its inception in 2014. More than Rs. 2.5 lakh crore has been spent. A transparent review of the CSR funding so far is needed if the innovative social funding model is to become more effective and impactful.

Carbon Trading Compliance Deadline Extended to 2027

Obligated industrial plants originally faced a July 31, 2026 deadline to submit their verified greenhouse gas data (Form A) for the FY 2025–26 compliance year. However, in October 2026, authorities granted a three-month extension to give companies more time to file their verified submissions.

India's Climate Change Rank Slips Again Sharply

Despite remarkable progress in renewable energy, India finds itself slipping again in the Climate Change Performance Index India 2027 ranking. From a respectable 10 ranking in 2025, India has slipped by 18 points in the latest 2027 ranking. The ranking was announced at the recent COP 31 in Turkiye.
